

Do you have diabetes?

If you are a plan member with diabetes, you may qualify for a OneTouch® blood glucose meter at no cost to you.*

No-cost diabetes OneTouch® blood glucose meter

Your prescription benefit plan is offering a value-added program through which meters are available at no cost to eligible members*. For more details, please contact the CVS/caremark™ Member Services Diabetic Meter Team toll-free at 1-888-826-5645.

How do you qualify for this offer?

- Be enrolled in the prescription benefit plan
- Have diabetes
- Have a valid prescription for OneTouch blood glucose test strips. If you don't already have a prescription for blood glucose test strips, we may be able to help get one from your doctor.
- Additional requirements or limitations may apply.

Your next steps:

1. Call the CVS/caremark™ Member Services Diabetic Meter Team toll-free at 1-888-826-5645.
2. Have your prescription ID number and your doctor's name and phone number ready when you call.

Important Information

When you call, please have your prescription ID number and your doctor's name and phone number available.

To learn more about this offer, please contact the CVS/caremark™ Member Services Diabetic Meter Team toll-free at **1-888-826-5645**.
